ADVANCED C#

- Object Oriented Programming
  - Encapsulation
  - Abstraction
  - Inheritance
  - Polymorphism
- Namespaces
- Struct & Class
- Interfaces
- Delegate
- Lambda Expressions
- Exceptions
- Enumerations and Iterators
- StringBuilder
- Collections
  - Arrays
  - List, Queues, Stacks, Sets
  - Dictionary
- LINQ Queries
  - Filtering
  - Projecting
  - Joining
  - Ordering
  - Grouping
  - Set
  - Conversions
  - Element Operations
  - Aggregate Operators
- Disposal And Garbage Collection
- Conditional Compilation
